

## MORE SKILL AND LESS LUCK IN FOOTBALL

Many Improvements Have Been Brought About by the New Code.

### NO TOUCHDOWN ON YALE

Leads in Defence, but Harvard and Princeton Scoring More Points.

There is scarcely a football team that has not been scored on, and the new rules are providing a more interesting game in that there is more scoring, much fewer goal scores or no score games and in that the stronger team has a better chance to demonstrate superiority. More skill and less luck are in evidence, and the game is more final, but in that respect football isn't now and never has been as good a game as it was in the days when it was permissible to help the runner. The latter condition, however, can be overruled with the changes in the rules. Excitement has been increased. In no season in a long while has there been as little mention of injuries as in the present one, and if the season can continue so the rule makers will have accomplished much.

In the last hardly any team, if any, has reached the beginning of the final stage without being scored on. The Yale eleven is the only one among the leading Eastern groups that has kept opponents from making a touchdown. In the last game, Yale, 14-0, has shown the best and most consistent defense of any team. That is a point to be reckoned with, although as compared to rivals the Blue on the offense has been playing along rather stolidly and with much less interest. The only scoring against Yale has been two touchdowns and a field goal by Harvard and Princeton.

Regarding scoring, while on the subject of touchdowns, it is interesting to note that the record of Vanderbilt, the Nashville team, has a notable record, a total of 329 points for five games to none for opponents. No other team has an entirely clean slate. No great stress can be laid on the Vanderbilt record, however, as the team is showing the strength of that eleven's opponents, and it is reasonable to suppose that they are not as good as they seem. The Vanderbilt team is said to be light and speedy. The only scoring against Yale has been two touchdowns and a field goal by Harvard and Princeton.

Harvard kept to Yale's offense, the number of points it has yielded are out of proportion to the ground gained. In topping off the rushing so that points shall result, the Vanderbilt team has been successful. The Yale defense has been much better than either Harvard or Princeton. If there is to be a finality to the Yale attack so that it shall reach the sought for consumption of points commensurate with the ground gained, the Yale defense must be able to stop the rushing. As a matter of fact, however, it doesn't take more than two or three weeks to put the Yale defense in a position to stop the rushing. The Yale defense, except a distinct weakness in the middle of the line, has been very good. The Yale defense, except a distinct weakness in the middle of the line, has been very good.

## TO CUT PLAYERS' SHARE OF WORLD SERIES COIN

Plan to Limit Winners to \$1,000 Apiece, With \$750 Each for Losers.

### BALANCE FOR OTHER CLUBS

Magnates, Led by Herrmann, Are of Belief That Reforms Are Necessary.

If certain baseball magnates have their way the rules governing the division of the world's series receipts will be radically amended this winter. It will be suggested by at least one influential governor of the sport that the money set aside for the players of the two contending teams in the world's series be limited to a guarantee for each man instead of a percentage. No less a person than August Herrmann, chairman of the National Baseball Commission, favors a plan by which each member of the winning team in the world's series will receive \$1,000, while each member of the losing team will get \$750. This money, according to the Herrmann idea, will be deducted from 60 percent of the first four games, the balance to be distributed equally among the players of the other fourteen major league teams.

If such an amendment should be adopted the world's series would develop into a big benefit for all the major league players. Under the present plan, the players of the winning team receive a percentage of the receipts, and the players of the losing team receive a percentage of the receipts. The new plan would guarantee each player a fixed sum, and the balance of the receipts would be distributed to the other teams. This would be a great benefit for the players, and it would also be a benefit for the other teams.

It is also noted that the commission may find it 10 percent, rather than one-half. The commission's share of the spoils has steadily increased each year until \$50,000 was set aside after the first game of the series. The commission's share of the spoils has steadily increased each year until \$50,000 was set aside after the first game of the series. The commission's share of the spoils has steadily increased each year until \$50,000 was set aside after the first game of the series.

### YALE SCOUTS MAKE REPORTS

#### Council Goes Over Situation—Wheeler Permanent at Quarter.

NEW HAVEN, Conn., Oct. 27.—The Yale coaches held a long consultation this noon. Among those present were Walter Camp, John W. Field, Arthur Howe, Jim Scully, E. W. McElroy, and Harry Vanebo. The Yale situation was gone over thoroughly, and reports were received from Harvard and Princeton. McDewitt and Field attended the game between Princeton and Harvard yesterday. The Yale coaches held a long consultation this noon. Among those present were Walter Camp, John W. Field, Arthur Howe, Jim Scully, E. W. McElroy, and Harry Vanebo. The Yale situation was gone over thoroughly, and reports were received from Harvard and Princeton. McDewitt and Field attended the game between Princeton and Harvard yesterday.

### NASSAU ENTHUSIASTS WONDER

#### Pleased Over Dartmouth Game, But Ponder on Harvard Struggle.

PRINCETON, N. J., Oct. 27.—With the Dartmouth game out of the way all eyes here now are turned toward the battle with Harvard on Saturday, and it is the general expectation that there will be a lot of doing on University Field for the first four days this week. The battle yesterday was the first real test for the Tigers this season and the coaches were well pleased with the performance of the men, especially on the offense.

### MICHIGAN SORE IN SPIRIT

#### Carroll Likely to Replace Pontius as Result of Syracuse Game.

ANN ARBOR, Mich., Oct. 27.—Michigan's football team returned to Ann Arbor this morning and to say that they are a disgusted squad would be to put it mildly. At that they have nothing on the coach, who is certain to work them to the limit this week in preparation for the South Dakota game.

### JORDAN BEATS GOOD FIELD

#### Xavier Cracks Finalists Fast in Morning Inside Run.

There was considerable class in the field of thirty that started yesterday in the weekly run of the Morningstar A. C. Eddie Jordan, Xavier A. C. crack, fought it out for most of the way with Frank Ruggiero of the Bronx Church House, but in the last mile of the four Jordan went away to win by seventy-five yards. E. A. Hunger, the former Cornell member, was third, about the same distance behind. The order of finish of the first ten:

### RUST BREAKS DEAD HEAT

#### Beats Schmidt and Record as Well Over Mott Haven Course.

H. Rust and L. Schmidt of the Mott Haven A. C. who finished in a dead heat a week ago, fought their battle over again yesterday with the result that Rust won by a margin of one minute and thirty seconds. This is a record for the Mott Haven course as the time a week ago was 27 minutes 25 seconds. Tim O'Keefe of the Red Sox was more than one hundred yards behind Schmidt. The order of finish of the first ten:

### STREVER IN FAST TIME

#### Ozannam Athlete Wins Y. M. C. C. Run at College Point.

There was lively racing at the finish of the Young Men's Catholic League run at College Point yesterday, with St. Strever beating out two of the home club runners by twenty yards in the last time of 18 minutes 45 seconds. The order of finish of the first five:

### BULL MOOSE RUN POSTPONED

#### Not Enough Visitors at Union Settlement A. C. to Make the Feature.

A sparse attendance of visiting athletes yesterday led to the postponement of one week of the Bull Moose run at the Union Settlement A. C. In the practice run J. Costello, an unattached runner, spearheaded the field, winning by nearly a minute from W. Burke of the Union Settlement. The order of finish:

### RECORD FOR SHERIDAN COURSE

#### Silverstein Leads Seven Men Who Lower the Previous Mark.

E. Silverstein of the home club won the weekly run of the Sheridan A. C. yesterday and established a new record of 21 minutes 40 seconds for the four mile course. Silverstein carried the field along as fast as the first seven men beat the old record. In a keen struggle for second place H. Jacobson of the Irish American A. C. defeated C. Pares of the Sheridan A. C. by five yards. The order of finish:

### OTHER CROSS-COUNTRY RUNS

Two divisions started in the St. Andrew's cross-country run, the course being a going nine miles, while the other ran only three and a quarter miles. In the long spin, beating W. Rosette, the former Princeton member, was first. Another Bronx Church House man, romped home in the short race.

### WIN PENNANT BY .004 POINTS

#### Oakland Takes Pacific Coast League Flag From Vernon.

By taking the last two games of the season from Los Angeles, the forenoon session 5 to 4 and the afternoon game in earlier fashion 6 to 0, Oakland won the Pacific Coast League pennant to-day over Vernon, by a fraction of a game.

### Jaques Opens Thanksgiving Day

Matt J. Winn announces that the annual winter race meeting at Jaques, Mexico, will open on Thanksgiving Day and last 10 days. There will be six or more races each day with no purse of less than \$500. The stakes will be headed with two events, each with \$1,200 purse. The Jaques Handicap, at six furlongs, and the Ano Nuevo Handicap, at one mile and a sixteenth.

### Prospect Park Baseball Results

Orleans 14; Suburban Arrows 1. Alpine A. C. 10; St. Elmos 4.

### Prospect Park Football Results

Troquels A. C. 0; Lennox 7. Triangle A. C. 19; Clunnet 2. Career 2; Wallington 0.

### DOYLE'S LEAGUERS DEFEATED

#### Negro Team Treats Drucks Rudely and Administers Whitewash.

The Lincoln Giants, a team of semi-professional negro players, shut out Harry Doyle's big league club yesterday at Olympic Park by a 6-0 score. Lewis Drucks was given a warm batting reception by the colored players, and retired in the second inning in favor of Hal Chase, who at short field, threw a slow ball, and several other boxmen in line. Nothing official has been said as to the retention of Harry Wolverton as manager. He is not under contract for next season.

## BOXING CLUBS' RIVALRY PREVENTS BIG PROFITS

Tendency to Give Fighters Bulk of Receipts Proves Most Decided Failure.

### GOOD CARD FOR GARDEN

English Champion Morgan to Meet O'Keefe in Feature Bout There To-night.

Inquiry into the affairs of leading boxing clubs operating under the State Athletic Commission would seem to indicate that all the promoters have been disappointed by the financial results this year. The mistake has been made in giving too much money to the boxers. This is admitted on all sides, yet there seems to be no remedy in sight. Instead of working in harmony, the various promoters have allowed a cut-throat policy which, in many cases, has brought about complete failure.

Second and third rate boxers have been allowed to dictate exorbitant terms. Some of them have received as much as \$2,000 or \$3,000 for their services which under other conditions would not be worth \$500. Star performers have received guarantees instead of a percentage, with the result that gate receipts have not covered the expenses. It is admitted that boxers should draw what they are worth in the shape of percentage, yet some promoters have paid guarantees rather than go without attractive matches. They have gambled with the public in vain and in many instances patrons of boxing have refused to pay high prices for ordinary bouts.

The cheapening of the game, too, has done irreparable harm. Promoters have provided several so-called star bouts for a low rate of admission to a single show, thereby reducing the sporting public to conditions that have proved disastrous. The followers of boxing are well posted and promoters now find it impossible to put on bouts of doubtful calibre without incurring a loss.

The promoters of one club that has gone out of business blame competition for their failure. On several occasions they took in as much as \$10,000 for a single exhibition and either lost money or found that the profits did not exceed \$500. Another club that has been running in Harlem with cheap entertainments will throw up the sponge this week while still another organization reopened under new management is hanging on the ropes.

The Garden A. C. will hold its last regular weekly show for several months to-night. Manager Gibson has arranged an excellent card, including three ten round bouts. The star event will bring together Eddie Morgan, the former champion of the world, and Eddie O'Keefe, the clever Philadelphia featherweight. Another attraction which promises a cost of \$10,000 is the bout between Louis de Ponthieu, lightweight champion of France, and Young Shugart of Jersey City, who is believed to possess championship calibre. In the third event the principals are Jack Goodman, now a first class contender, and a former champion, and a heavy hitter Sam Flinn.

The Forty-fourth Street Sporting Club will hold its weekly show on Wednesday night. The card is a good one, and will include Jack Johnson's title, will show up with Battling Jim Johnson in the leading bout. The card is a good one, and will include Jack Johnson's title, will show up with Battling Jim Johnson in the leading bout. The card is a good one, and will include Jack Johnson's title, will show up with Battling Jim Johnson in the leading bout.

Ad Volgant has gone to New Orleans to prepare for his fight with Jack Johnson. Joe Mandot on November 4. Mandot recently got a decision over Joe Rivers in a ten round bout. Mandot is a native of the South and is a very good fighter. He is believed to have to display his best wares in the Mandot fight.

Jack Britton, the Chicago lightweight, has on nine previous bouts and is waiting to hear from Packey McFarland. Britton has plenty of class and is entitled to a big chance. McFarland is a very good fighter and is believed to be a very good fighter. McFarland is a very good fighter and is believed to be a very good fighter.

Although Bill Papke stopped Carpenter in Paris last week, it is the opinion of local sporting men that if he decides to meet Frank Knapout in a twenty round mill in France he will win. Knapout is a very good fighter and is believed to be a very good fighter. Knapout is a very good fighter and is believed to be a very good fighter.

Bombardier Wells, the British heavyweight, has been defeated by George Knottout in a ten round bout. Wells is a very good fighter and is believed to be a very good fighter. Wells is a very good fighter and is believed to be a very good fighter.

Buffalo boasts of a real white hope in George Knottout Davis, who has been stopping all comers in jig time. Davis is a very good fighter and is believed to be a very good fighter. Davis is a very good fighter and is believed to be a very good fighter.

Win Pennant by .004 Points. Oakland Takes Pacific Coast League Flag From Vernon. ## WILL OBSERVE SALARY LIMIT

### American Association Rules in Favor of Strict Adherence.

CHICAGO, Oct. 27.—American Association baseball magnates gathered for a special meeting at the Congress Hotel this afternoon and after five hours behind closed doors announced the following: It was decided upon except that a salary limit would be in force next season, and every club in the league would observe it. The amount was not made public. Every club in the league was represented with the exception of St. Paul.

Mrs. Havenor, widow of the Milwaukee owner, was present and took an active part in the discussion of how much she would pay her athletes in 1913. She went so far as to make a speech. It is understood that the owners are satisfied with a \$6,000 monthly salary limit. This is \$1,500 more than the limit several years ago, which was violated by so many clubs that it was dropped. Milwaukee, St. Paul, Indianapolis and Louisville owners are said to have favored a lower limit.

### HAMLIN FIRST TO REACH YUMA

#### Several Mishaps, None Serious, in Annual Los Angeles-Phoenix Race.

LOS ANGELES, Oct. 27.—Ralph Hamlin, driving a Franklin in the fifth annual Phoenix road race, was first to Yuma, Ariz., to-day with in the lead of the race. Hamlin won \$4,000 by his speed. A. I. Faulkner in a Simplex was third. Fourth and fifth positions were captured respectively by William Burdette and the Cadillac No. 1, with S. A. McKee at the wheel. The racers leave Yuma to-morrow morning and will reach Phoenix about noon. The cars left Los Angeles at intervals last night, the first one getting away at 11 o'clock.

There were numerous mishaps. At Bloomington Louis Nikrent, driving a Buick, went into the ditch. He and his brother Fred escaped serious injury, but the car was wrecked. Marc Bunnell, driving an American, smashed a rear wheel within five minutes after starting and was delayed several hours. The "Howdy Special," carrying many racing enthusiasts, was derailed by a split switch before it got out of the city and was delayed more than an hour. The passengers escaped with a severe shaking up.

### MURPHY GOING TO COLORADO

#### Much Concern Over Condition of Famous Athletic Coach.

PHILADELPHIA, Oct. 27.—Friends of Mike Murphy, the veteran trainer of the University of Pennsylvania, are much concerned about his condition. It is said that a trip to some Western resort, probably Denver, in the near future, will be made. Murphy has been suffering from a long illness, and his condition is much improved. Murphy has been suffering from a long illness, and his condition is much improved. Murphy has been suffering from a long illness, and his condition is much improved.

It is feared that Murphy will not be able to coach the university track team next spring. Murphy has been suffering from a long illness, and his condition is much improved.
